

CAMPAIGN TO BE UNDERTAKEN HERE

County Council of Defense to Take
Up the "Four-Minute-Men" Move-
ment

DIRECTED FROM INDIANAPOLIS

At Least Three Members of Local
Defense Body Will Attend Con-
ference Thursday

The "Four-Minute-Men" campaign
will be undertaken in Rushville.

This was determined at a meeting
of the County Council of Defense
Saturday afternoon at four o'clock.
It was also decided that at least
three members of the county coun-
cil would attend the conference for
county councils and others interest-
ed at the house of representatives
chamber in the state house in Indi-
anapolis Thursday afternoon at one
o'clock.

The county council likewise con-
sidered making arrangements for the
visit here Wednesday, August 1 of
Dr. George R. Gross, president of
DePauw university, in his tour of the
state to discuss patriotic subjects.
The council was without information
regarding Dr. Gross' visit, except the
date he would be here, and therefore
could know little towards making
any definite arrangements. The
tour is in charge of Horace Ellis,
state superintendent of public in-
struction. A. L. Gary, chairman of
the local council, will get more de-
tails about his visit when he attends
the conference Thursday.

The council appointed a committee
to have charge of the "Four-Minute-
Men" campaign here but the names
of the persons composing the com-
mittee will not be announced until it
is found if they will serve. One mo-
tion picture owner here has been in-
terviewed and gladly consented to
allow the use of his theater for the
campaign.

The scheme is that a battery of
speakers be enlisted to educate the
people in regard to the war. The
"Four-Minute-Men" campaign con-
templated reaching persons attending
picture shows are the places where
most people congregate. It is also
the idea of those who originated the
campaign that a class of people will
be reached who do not spend much
time in reading about America's part
in the war.

The campaign will be directed
from state headquarters in Indiana-
polis. All that is asked of the local
committee is that the speakers' and
places be arranged, and the state
organization will do the rest. The
name of the campaign is derived
from the fact that the speakers are
expected to talk only four minutes,
and in that time give some terse rea-
sons why America is at war and
what she has to do.

IS FINED ON TWO CHARGES

Virgil McDaniel Guilty of Speeding
And Driving While Drunk

Virgil McDaniel pleaded guilty to
a charge of speeding in police court
this morning and was fined one dol-
lar and costs. McDaniel was driving
a machine while intoxicated and
from the mayor's court he was taken
before Squire Kratzer where he paid
a fine of one dollar and costs for in-
toxication. The arrest on the in-
toxication charge was made by Con-
stable Nicholson, connected with
Kratzer's court.

DRIVE ON LEMBERG

(By United Press.)

Petrograd, July 9.—Russia center-
ed her drive on Lemberg, in Galicia,
today, with a powerful offensive di-
rected west of Stanislaw. Several
villages were captured according to
the official report. Stanislaw is
about seventy-five miles southeast of
Lemberg.

ROSCOE MORGAN IS ELECTROCUTED

Former Rushville Boy Comes in Con-
tact With Wires Carrying 2,200
Volts at Connersville

BURIED IN EAST HILL TODAY

Roscoe Morgan, 35 years old, a
former Rushville boy, was electro-
cuted late Saturday afternoon at
Connersville where he was employed
by the Hydro-Electric company when
his body came in contact with some
electric wires carrying a volt-
age of approximately 2,200 volts.

Mr. Morgan was on a step-ladder
about twelve feet from the ground
and the supposition is that one of
his legs which was broken over a
year ago and never fully mended,
gave way, causing him to pitch for-
ward on the wires. He was knock-
ed from the ladder. Four physi-
cians worked for over an hour try-
ing to revive him but to no avail.
Mr. Morgan formerly worked for
the Rushville telephone company and
was widely known here. He was a
brother of Wallace, Ora and Samuel
Morgan of this city. His mother,
Mrs. Mary Morgan also resides here.

He is survived by the widow, who
was formerly Miss Jessie Hardwick
of this city and one son, Wilford.
The funeral services were conduct-
ed this afternoon at two o'clock at
the late residence, 305 East Ninth
street, Connersville and burial took
place in East Hill cemetery.

HURLED 36 FEET FROM MOTORCYCLE

Henry McDaniel Sustains Broken
Nose But Dick Murphy Es-
capes Without Injury

FORMER HURT FEW WEEKS AGO

Hitting a chuck hole in Jersey
City at the end of the brick street
while running at a high rate of speed
on a motorcycle, Henry McDaniel
and Dick Murphy of near Henderson
were hurled a distance of thirty-six
feet late Sunday afternoon, McDaniel
receiving a broken nose and num-
erous bruises. Murphy escaped in-
jury.

McDaniel was recovering from in-
juries sustained in a motorcycle ac-
cident a few weeks ago. At that time
his nose was broken and yester-
day's accident resulted in breaking
it again. The hole in the road was
caused by placing a culvert across
the highway preparatory to paving
and McDaniel either did not see the
hole or believed he could get across
safely. He was brought to a physi-
cian's office here where his wounds
were dressed.

GETS 1 OF 3 ALTERNATIVES

Rushville Man Told to Go to Work,
War or Penal Farm

An alternative of going to work,
war or going to the penal farm was
issued by Mayor Bebout this morn-
ing to a Rushville man. He chose
the former. The man's wife com-
plained to the mayor that he was not
supporting her and would not work.
The mayor gave the man a severe
lecture and pointed out one of three
things he would have to do. Going
to war did not appeal to him and
neither did the penal farm, so with
only one left he decided to go to
work. He promised Mayor Bebout
he would get to work and the of-
ficials will see that he sticks to it.

WEATHER FOR WEEK

Washington, July 9.—Occasional
local showers and thunderstorms are
indicated for the week. Tempera-
tures will be above normal during the
first half and below normal during
the second half of the week.

TWO BOYS ARE RESCUED

Cassell Bell and Ivan Alexander
Barely Escape Drowning

Ivan Alexander and Cassell Bell
had narrow escapes from drowning
Sunday afternoon at the swimming
hole near the old country club
grounds. Both boys were rescued by
Ambrose Gohring. Young Alexander
who could not swim was caught in
the current was going down for the
third time when pulled out. Bell
had been in the water for some time
and his strength failed him. He went
under twice. Bell also had a close
call last Saturday.

TROOPS ENTRAINING FOR PERMANENT CAMP

America's First Expeditionary Force
Preparing Today For Trip to
New Quarters

TO BE CLOSE TO BATTLE FRONT

(By United Press.)

A French Port, July 9.—America's
first expeditionary army in France
was entraining today for the trip to
its new camp close to the battle
front.

Maj. Gen. Sibert was as enthus-
iastic as his Sammies over the
change which will now bring them
close to the fighting. The troops
themselves celebrated as they clat-
tered aboard the trains.

Many of the officers left slightly
in advance of the troops. All of the
townspeople here turned out to cheer
the Americans' departure.

AMERICA'S FARMS RESPOND TO CALL

Winter and Spring Wheat Crop Will
Total 678,000,000 Bushels, It Is
Estimated Today

CORN SHOWS A BIG INCREASE

(By United Press.)

Washington, July 9.—America's
farms have responded to the call of
war.

According to estimates today by
the bureau of crop estimates, the
winter and spring wheat crop will
total 678,000,000 bushels or 83-
000,000 bushels more than the 1916
yield.

Corn will reach 3,124,000,000
bushels far over the 1916 yield of
2,583,000,000.

White potatoes promise 452,000-
000 bushels against 285,000,000 in
1916 and there will be 10,000,000
bushels more sweet potatoes than
last year.

The department of agriculture of-
ficials said today:

"The American soil has responded
to save the allies in their crying
need for food."

State Conscription Agent Wires War
Department of State Claims

(By United Press.)

Indianapolis, Ind., July 9.—Indi-
ana claims credit for 4,856 men en-
listed in state military units and 7-
000 who have joined national mili-
tary organizations, in apportioning
the number of men from the state
for conscription. Jesse Echbach,
state conscription agent wired the
war department today. These men
had enlisted prior to June 30 and
will count towards Indiana's quota.

KILLED IN CROSSING CRASH

Mrs. Will Nicoson of Brazil Dead
and Husband Badly Hurt

(By United Press.)

Brazil, Ind., July 9.—Mrs. William
Nicoson was killed and the Rev. Wil-
liam Nicoson, her husband, was se-
verely injured today when an auto in
which they were riding was struck
by a traction car at the Staunton
road crossing west of here. The
Rev. Mr. Nicoson was on his way to
preach at a funeral service. The
Staunton road crossing is considered
a dangerous place and has been the
scene of many accidents.

CHINESE DEMOCRACY IS RE-ESTABLISHED

State Department Dispatches Today
Indicate Provincial Government
Has Been Established

WAS RESTORED ON JULY 7

(By United Press.)

Washington, July 9.—A democ-
racy has been re-established in
China, according to state depart-
ment dispatches today.

After a week of skirmishing dur-
ing which Heun Teung, the young
emperor was set up at the head of
a monarchy, official reports today
indicated the Manchur emperor had
been driven out and the former vice-
president established as president
of a new provincial government at
Mankang.

Dispatches stated the democracy
was restored July 7. At the state
department it was said all foreign-
ers were probably safe.

FIRST DRAFT WILL BE FOR 687,000 MEN

Number Recommended by War De-
partment Enough to Fill Guard
and Regulars to War Strength

ALSO 500,000 FOR TRAINING

(By United Press.)

Washington, July 9.—The first
draft of America's citizenship for
war service will be for 687,000 men
the war department announced to-
day.

These will be singled out from the
great registration roll. The number
recommended by the war department
is just enough to fill the regular
army to war strength, fill the nation-
al guard to war strength and pro-
vide the levy of 500,000 men for the
16 camps where the men will be sent
for training.

More than 130,000 men are needed
for the national guard. The first men
drawn by the selective draft will be
put in the regular army and national
guard.

OLD IRON OFF BRIDGE SOLD

Sam Jaffe of Richmond Is Success-
ful Bidder Today

Sam Jaffe of Richmond was the
successful bidder this afternoon for
the old iron of the Rush-Hancock
county bridge over Blue River north
of Gwynneville. Jaffe bid \$710 for
the junk. There were four other
bidders and their bids ranged from
\$275 to \$400, Jaffe being \$300 high-
er than anyone. There is said to be
about 30 tons of iron in the old
bridge. The bridge was washed away
in 1915 and a new bridge built at a
cost of \$15,000. The iron is what
remains of the old bridge. Half of
the sum derived from the sale will
be given to Hancock county.

Anderson—Members of the Old
Glory Pig club here have been pre-
sented one pig each by neighboring
farmers.

REGISTRATION IN COUNTY VERY LIGHT

First 13 Days of Session Only 924
Qualify, Which is Less Than 10
Per Cent of Vote

LACK OF INTEREST IS SHOWN

With thirty-seven days, including
today in which to register for the
special election to be held Septem-
ber 14, it begins to appear as though
there will be a light vote in Rush
county and at the same time in-
dicates a lack of interest in the con-
stitutional convention. In the first
thirteen days of the registration,
which included Saturday, 924 per-
sons had registered. This is less than
ten per cent of the normal vote of
the county, counting both men and
women.

So far more women than men have
registered. The women are going at
the thing in a systematic way. At
Carthage the Woman's Franchise
league is registering their members
and will bring the complete list in
some time this week. This was the
plan followed in Anderson township
and Milroy. Despite repeated
statements regarding the registra-
tion many men believe they do not
have to register if they were regis-
tered last year. The old registration
law was done away with and every-
one must register to vote at the
special election.

COMPANY B WILL BE INSPECTED FRIDAY

Major James V. Heidt of the Forty-
First Infantry, U. S. A., Will
be Here at That Time

SIX MORE RECRUITS WANTED

Major James V. Heidt of the
Forty-first Infantry, U. S. A., will be
in the city Friday for the inspection
of Company B. The inspection will
take place at seven-thirty o'clock
Friday night and Capt. Kiplinger is
urging a full attendance of the
company. The date of the inspection
was announced this morning in or-
ders received from the adjutant gen-
eral's office.

The local company is seeking six
additional recruits. Six members of
the company are taking the officers'
reserve training at Ft. Harrison and
will be discharged from the company
here. For this reason their places
will have to be filled.

The regular weekly drill will be
held on Wednesday night. A speaker
will be present but Capt. Kiplinger
was not certain who it would be to-
day. Beginning next Sunday the
company will start undergoing a
hardening process. Cross-country
hikes will be taken and open air
maneuvers will constitute the work.

EXISTENCE IS THREATENED

Neutral Nations Complain About
Embargo by United States

(By United Press.)

Washington, July 9.—Declaring
Holland is starving, Chavalier Van
Rappard, Dutch minister in Wash-
ington, today bespoke the grave ap-
prehension of neutral nations at
America's embargo. Representa-
tives of other countries vitally af-
fected by President Wilson's pro-
clamation shutting off food, seed,
fuel and other necessities, declared
their existence is threatened.

Claire Smith, formerly with the
Reynold Manufacturing company
has accepted a position on the fire
department. Clarence Borem, who
was originally employed by the
council declined the job and it was
then tendered to Smith.

MEN OF MILITARY AGE GET NUMBERS

Clerk of Exemption Board Busy To-
day Answering Calls of Those
Who Follow Instructions

BURDEN IS ON REGISTRANT

Drawing of Numbers Seems to be
Not Far Distant With Final
Instructions Given Out

Rushville men of conscription age
are not slow to follow instructions
from Washington as was shown by
the number of calls at the clerk's
office today to ascertain their serial
number. The office of the clerk, who
is also clerk of the exemption board,
was busy throughout the day an-
swering phone calls and giving out
the numbers to callers in person at
the office.

Dozens of young men called at the
office during the day and it was a
noticeable fact that they wrote down
the numbers instead of trusting to
their memory. The registration cards
were numbered in red ink serially,
starting in Ripley township and
running down through the entire
list. The cards are numbered from
1 to 1466.

Instructions from Washington to
the men of draft age were to look up
their numbers and placed the burden
on the men to get this information
and not on the board as was origin-
ally intended. No date has been set
in Washington for the drawing, but
with the final instructions issued it
is believed not very far distant. The
instructions were for the men to
find out their red ink numbers and
then when the numbers are drawn
present themselves before the
board. In this manner the boards
will not have to notify each man
that he has been drawn. In other
words the burden is placed on the
registrant.

Clerk Moore stated today that
most of his time had been taken up
with giving out the numbers, but as
it would save trouble and work later
on he was glad to do it.

FIVE PERSONS DIE IN EXPLOSION TODAY

Black Powder Store House of Mare
Island Navy Yard Magazine—
Thirty in Hospital

MARINES HURRIED TO SCENE

(By United Press.)

Vallejo, Cal, July 9.—Five persons
perished as the result of an explo-
sion which destroyed the black pow-
der house of the magazine of the
Mare Island navy yard early today.
Thirty persons have been taken to
the navy yard hospital, but it is not
believed any of them will die.

Ambulances have been going back
and forth from the main part of the
navy yard to the scene of the ex-
plosion.

It is impossible to get details be-
cause of the strict censorship.

Shortly after the explosion all the
naval officers at Mare Island and
about 1,000 marines were hurried to
the scene.

The explosion was terrific. Sever-
al thousand dollars damage was
done at Vallejo, mostly to windows.
The blast was heard as far away as
Sacramento where buildings were
rocked and dishes shaken from the
shelves.

TO WIN BY DEEDS

(By United Press.)

Amsterdam, July 9.—"We have

was quoted as having declared in a
recent speech in the German Reich-
stag in dispatches received here to-
day.

ONLY TWO TRAINS SUNDAY

The order changing the time of Big Four trains on the division passing through Rushville was misunderstood by the agent, E. C. McMahon. He announced that all four trains would run daily, but it develops that No. 34, due at 2:10 p. m., and No. 27, due at 6:46 p. m., do not run on Sunday.

No Question About It

If you don't know of us and the service we render, there is going to be some question in your mind about that job of cleaning or dyeing that you know ought to be done.

But with us there is no question at all—we know we can do it, and while the object of this advertising is to have you believe that we can do it you will never be thoroughly convinced until you give us an opportunity.

So why not decide today? Send it here.

We have everything possible in the way of equipment and knowledge and employees, and we are jealous of the good reputation we have already established.

Is there any reason why we shouldn't render you good service? No, there isn't any reason, so there is no reason for your hesitating longer.

Smokers' Stomach Sweetened

Emptiness and hollowness and gassy state of the stomach after smoking, bad taste in the mouth, belching of wind. If they are not dyspepsia, they will bring on dyspepsia. Hundreds of smokers use Pepsinco because they know it prevents that bad feeling that many smokers detest and which is evidence of an off stomach.

A ten cent package will prove the value of Pepsinco for the smoker.

Food Shipments Increase

Recent suggestions that food supplies from the United States now sent to the neutral countries of Europe may be passing thence to the Central Powers lend interest to a compilation by the National City Bank of New York, showing the quantities of the principal foodstuffs sent to neutral Europe at the present time, compared with other years of the war and with the year preceding the war. These figures show that in practically all foodstuffs sent to neutral countries the quantity sent at the present time is much less than in the earlier years of the war, but more than in the pre-war period when the markets of Russia, Germany, Austria, Hungary, and Roumania were open to them.

The latest government figures of exports by articles cover the ten months ending with April, 1917. These show that the exports of wheat to neutral Europe in the ten months ending with April 1917 were 39,000,000 bushels against 47,000,000 bushels in the corresponding months of 1916, and 54,000,000 in the same months of 1915. For the ten months ending with April 1914, all of which preceded the beginning of the war, the wheat exports to the countries which we now call "neutral Europe" were 20,000,000 bushels as against the figures above quoted. Flour exports to neutral Europe in the ten months ending April 1917 were 3,690,000 barrels, against 4,724,000 in the same months of 1916, 5,687,000 in the corresponding months of 1915 and 1,428,000 in the same months of 1914. Corn to neutral Europe in the ten months of 1917 was 13,000,000 bushels against 11,000,000 in the corresponding months of 1916, and 22,000,000 in the same months of 1915. Bacon exported to neutral Europe in the ten months ending with April 1917 was 22,000,000 pounds against 61,000,000 in same months, of last year, and 60,000,000 in the corresponding months of the year preceding, while for the 10 months ending with Apr. 1914 the total was 26,000,000 pounds. Lard to the neutral Europe in the ten months of the fiscal year 1917 was 24,000,000 lbs. against 20,000,000 in the preceding year, and 158,00,000 two years earlier, while for the year preceding the war, the total for the corresponding period was 12,000,000. Neutral lard in ten months of the current year was 14,000,000 lbs against 22,000,000 last year, and 22,000,000 the year preceding; lard compounds in the current year 7,000,000 lbs. against 3,000,000 last year and 6,000,000 the year preceding.

Even the figures of total value of all kinds of merchandise sent to the neutral countries of Europe show in most cases a decrease despite the fact that values per unit of quantity of the merchandise exported to them at the present time are higher than one year or two years ago. Total exports to Denmark, for instance, in the 10 months ending with April 1917 were \$45,000,000 value against \$47,000,000 in the same months of 1916, \$71,000,000 in the corresponding months of 1915 and \$13,000,000 in the ten months of the fiscal year 1914, a period entirely preceding the war. To Sweden the exports of the ten months ending with April 1917 were \$40,000,000 against \$46,000,000 one year ago, \$72,000,000 two years ago and \$12,

000,000 in the corresponding period immediately preceding the war. All of those countries have, of course, taken much larger quantities of merchandise from the United States since the beginning of the war than formerly, because of the fact that their supplies usually drawn from Germany, Austria and Russia were entirely cut off at the beginning of the war, and the quantities which Great Britain, Belgium and France were able to spare for them were also materially reduced.

With the actual draft upon us, there is much speculation as to who will be the first to go from our own community. But whoever it may, we who remain should see that they are not forgotten by the "folks back home." We should ascertain the camps to which each one is assigned, and then through a home committee see that each is generously supplied with magazines, home papers, comfort bags, cheery letters, and anything that will make life more cheerful to them. No single individual going forth from this community to fight for his country should be overlooked and all should be shown equal courtesy and attention.

GERMAN DIPLOMATS TO BE DRIVEN OUT

Agents Will be Ordered From United States to Stop Leaks of Military Information

WHO WILL BE THE FIRST TO GO

(By United Press.)
Washington, July 7.—All German diplomatic agents are to be driven out of the United States as the government proceeds with its work of stopping the leak of military information to Germany.

Count Von Bernstorff's assistants who remained in America are to leave in a short time for Berlin. H. C. Chausshausen and M. Berg, German consular secretaries, will leave first.

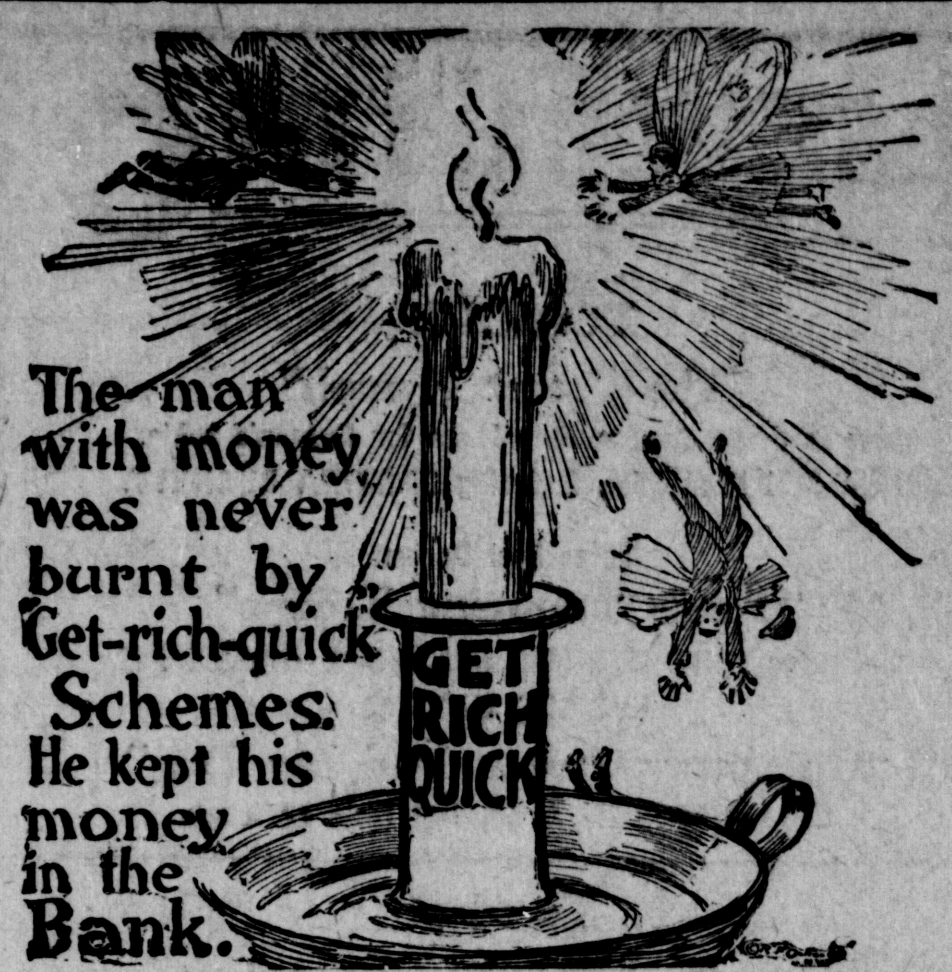

The state department today made arrangements for them to quit the country. German consular secretaries, will employes will follow. Germany had 21 consuls in the United States when diplomatic relations were broken. Many Americans were included in the consular staff.

ON INSPECTION TRIP

WOMEN AND GIRLS
ATTEND SCHOOL

Food Conservation Course of Five Days Opens at Purdue With Large Attendance

PRACTICAL TESTS ARE GIVEN

(By United Press.)

Lafayette, Ind., July 9.—Under the direction of the agricultural extension department of Purdue university, a "Food Conservation School," opened here today for a five day's session. Women and girls of Indiana attending the school will be given daily lectures by food experts on selection, preparation and preservation of food, economical clothing and on buying home supplies. Practical demonstrations in connection with the lectures also will be given.

Speaking of the women's part in preservation of food, G. I. Christie, state food conservation officer, said: "The woman who is watchful in her home, careful of every bit of food used, is serving her country just as truly and just as effectively as the nurse in the Red Cross tent or the man at the front or on the sea. The time is here when the women of Indiana must organize in a food conservation drive to save the products from more than 200,000 gardens and thousands of orchards. These products will be required for home consumption since the canning factory supplies will be required to feed the men in the camps and fields abroad."

PLYMOUTH HEARS
WILLIAM J. BRYAN

Plymouth, Ind., July 9.—Leading business and professional men and women of Northern Indiana met here today in monster meeting to discuss food conservation. Gov. James P. Goodrich, stopped here long enough on his way to Michigan City to inspect the state prison, to preside at the meeting.

Prof. G. I. Christie, state food conservation expert, arranged the meeting.

William Jennings Bryan, who has been delivering lectures through the country on food conservation under the auspices of the department of agriculture, was scheduled to make an address. He will deliver an address at the Winona Assembly tonight and the meeting was set for today by Christie in order that Bryan might appear.

EDUCATORS OPEN
WAR CONVENTION

Preparedness, Patriotism and Nationalism Keynote of National Convention Sounded Today

R. J. ALEY, PRESIDENT, TALKS

Former Indiana Superintendent of Schools Urges Teachers to Spread Gospel of Service

(By United Press.)

Portland, Ore., July 9.—Preparedness, patriotism, nationalism, That's the keynote of the war convention of the National Education association sounded here this afternoon by Robert J. Aley, president, at the opening session.

President Aley declared that the schools of the nation could do a most important work in the present war. He urged teachers to spread the gospel of national service.

Charles R. VanHise, president of the University of Wisconsin, as the personal representative of Herbert Hoover, explained the necessity of food economy.

Eight thousand delegates of the National Education Association and its 21 departments and 14 allied organizations are gathered here. The convention ends Friday night.

"This great association," said President Aley, who was formerly state superintendent of the Indiana schools, "has never held a meeting when national and world conditions were as they are now. Our country for the first time in her history is part of a world conflict. This world struggle is between democracy and autocracy. Democracy must win or all the sacrifices of the past have been in vain."

"Last August by the establishment by Congress of the Council for National Defense with its advisory committee on Engineering and Education, official recognition was given to education as a national resource. It is significant that this is the first time education has been so recognized. As teachers we certainly appreciate the confidence of the government in our work. We renew the pledges that our work of the past has verified and offer ourselves unreservedly for the great work ahead of us."

"Organized education must continue to produce broadly educated men and women. In addition, it must speed up its machinery and produce men and women specially prepared to handle the difficult and complex problems of the great war. It is also essential that organized education do more than heretofore to disseminate knowledge and to illustrate and teach how our citizens may produce more and conserve better."

"The democracy of this country has produced a multitude of schools of different ideas and ideals. In this crisis, we need the hearty and united service of all the men and women produced by all of these schools. The discussions of the past have, perhaps, helped us to clarify our notions, but they have also fixed us in our opinions, strengthened our conservatism, and unduly emphasized differences. We need now to open our mind to new needs, to let go some of our conservatism, and to place a mighty emphasis upon fundamental likenesses."

RUNS RUSTY NAIL IN FOOT

J. H. Frazee in Fort Wayne Hospital Due to Accident on Outing

While on an outing with his family at Lake James, near Angola, Ind., John H. Frazee ran a rusty nail in his foot, a week ago today, and blood poisoning developed. He was in a serious condition for a time but it is thought that the danger has passed. Mr. Frazee was removed to the Lutheran hospital at Fort Wayne, where he is now recovering. Mr. and Mrs. Walter Frazee of Louisville, Ky., Mr. and Mrs. Helm Woodward and son of Covington, Ky., Miss Rue Whitton and Walter E. Smith of this city have returned. Mr. and Mrs. Frazee went home today and Mrs. Woodward and son will return home Wednesday, Mr. Woodward having gone yesterday.

Senreco
The double-service tooth paste,
keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science today demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the main film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggist or toilet counter—enjoy the healthy, cleanly feeling it gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 3 ounce tube.

CAMPAIGN TO BE UNDERTAKEN HERE

County Council of Defense to Take
Up the "Four-Minute-Men" Move-
ment

DIRECTED FROM INDIANAPOLIS

At Least Three Members of Local
Defense Body Will Attend Con-
ference Thursday

The "Four-Minute-Men" campaign
will be undertaken in Rushville.

This was determined at a meeting
of the County Council of Defense
Saturday afternoon at four o'clock.
It was also decided that at least
three members of the county coun-
cil would attend the conference for
county councils and others interest-
ed at the house of representatives
chamber in the state house in Indi-
anapolis Thursday afternoon at one
o'clock.

The county council likewise con-
sidered making arrangements for the
visit here Wednesday, August 1 of
Dr. George R. Gross, president of
DePaul university, in his tour of the
state to discuss patriotic subjects.
The council was without information
regarding Dr. Gross' visit, except the
date he would be here, and therefore
could know little towards making
any definite arrangements. The
tour is in charge of Horace Ellis,
state superintendent of public in-
struction. A. L. Gary, chairman of
the local council, will get more de-
tails about his visit when he attends
the conference Thursday.

The council appointed a committee
to have charge of the "Four-Minute-
Men" campaign here but the names
of the persons composing the com-
mittee will not be announced until it
is found if they will serve. One mo-
tion picture owner here has been in-
terviewed and gladly consented to
allow the use of his theater for the
campaign.

The scheme is that a battery of
speakers be enlisted to educate the
people in regard to the war. The
"Four-Minute-Men" campaign con-
template reaching persons attending
picture shows on the theory that the
picture shows are the places where
most people congregate. It is also
the idea of those who originated the
campaign that a class of people will
be reached who do not spend much
time in reading about America's part
in the war.

The campaign will be directed
from state headquarters in Indiana-
polis. All that is asked of the local
committee is that the speakers and
places be arranged, and the state
organization will do the rest. The
name of the campaign is derived
from the fact that the speakers are
expected to talk only four minutes,
and in that time give some terse rea-
sons why America is at war and
what she has to do.

IS FINED ON TWO CHARGES

Virgil McDaniel Guilty of Speeding
And Driving While Drunk

Virgil McDaniel pleaded guilty to
a charge of speeding in police court
this morning and was fined one dol-
lar and costs. McDaniel was driving
a machine while intoxicated and
from the mayor's court he was taken
before Squire Kratzer where he paid
a fine of one dollar and costs for in-
toxication. The arrest on the in-
toxication charge was made by Con-
stable Nicholson, connected with
Kratzer's court.

ROSCOE MORGAN IS ELECTROCUTED

Former Rushville Boy Comes in Con-
tact With Wires Carrying 2,200
Volts at Connersville

BURIED IN EAST HILL TODAY

Roscoe Morgan, 35 years old, a
former Rushville boy, was electro-
cuted late Saturday afternoon at
Connersville where he was employed
by the Hydro-Electric company when
his body came in contact with some
electric wires carrying a voltage
of approximately 2,200 volts.

Mr. Morgan was on a step-ladder
about twelve feet from the ground
and the supposition is that one of
his legs which was broken over a
year ago and never fully mended,
gave way, causing him to pitch for-
ward on the wires. He was knock-
ed from the ladder. Four physi-
cians worked for over an hour try-
ing to revive him but to no avail.
Mr. Morgan formerly worked for
the Rushville telephone company and
was widely known here. He was a
brother of Wallace, Ora and Samuel
Morgan of this city. His mother,
Mrs. Mary Morgan also resides here.

He is survived by the widow, who
was formerly Miss Jessie Hardwick
of this city and one son, Wilford.
The funeral services were conduct-
ed this afternoon at two o'clock at
the late residence, 305 East Ninth
street, Connersville and burial took
place in East Hill cemetery.

HURLED 36 FEET FROM MOTORCYCLE

Henry McDaniel Sustains Broken
Nose But Dick Murphy Es-
capes Without Injury

FORMER HURT FEW WEEKS AGO

Hitting a chuck hole in Jersey
City at the end of the brick street
while running at a high rate of speed
on a motorcycle, Henry McDaniel
and Dick Murphy of near Henderson
were hurled a distance of thirty-six
feet late Sunday afternoon, McDan-
iel receiving a broken nose and num-
erous bruises. Murphy escaped in-
jury.

McDaniel was recovering from in-
juries sustained in a motorcycle ac-
cident a few weeks ago. At that time
his nose was broken and yester-
day's accident resulted in breaking
it again. The hole in the road was
caused by placing a culvert across
the highway preparatory to paving
and McDaniel either did not see the
hole or believed he could get across
safely. He was brought to a physi-
cian's office here where his wounds
were dressed.

GETS 1 OF 3 ALTERNATIVES

Rushville Man Told to Go to Work,
War or Penal Farm

An alternative of going to work,
war or going to the penal farm was
issued by Mayor Bebout this morn-
ing to a Rushville man. He chose
the former. The man's wife com-
plained to the mayor that he was not
supporting her and would not work.
The mayor gave the man a severe
lecture and pointed out one of three
things he would have to do. Going
to war did not appeal to him and
neither did the penal farm, so with
only one left he decided to go to
work. He promised Mayor Bebout
he would get to work and the of-
ficials will see that he sticks to it.

call last Saturday.

TROOPS ENTRAINING FOR PERMANENT CAMP

America's First Expeditionary Force
Preparing Today For Trip to
New Quarters

TO BE CLOSE TO BATTLE FRONT

(By United Press.)
A French Port, July 9.—America's
first expeditionary army in France
was entraining today for the trip to
its new camp close to the battle
front.

Maj. Gen. Sibert was as enthus-
iastic as his Sammies over the
change which will now bring them
close to the fighting. The troops
themselves celebrated as they elab-
orated aboard the trains.

Many of the officers left slightly
in advance of the troops. All of the
townspeople here turned out to cheer
the Americans' departure.

AMERICA'S FARMS RESPOND TO CALL

Winter and Spring Wheat Crop Will
(Total 678,000,000 Bushels, It Is
Estimated Today

CORN SHOWS A BIG INCREASE

(By United Press.)
Washington, July 9.—America's
farms have responded to the call of
war.

According to estimates today by
the bureau of crop estimates, the
winter and spring wheat crop will
total 678,000,000 bushels or 83-
000,000 bushels more than the 1916
yield.

Corn will reach 3,124,000,000
bushels far over the 1916 yield of
2,583,000,000.

White potatoes promise 452,000-
000 bushels against 285,000,000 in
1916 and there will be 10,000,000
bushels more sweet potatoes than
last year.

The department of agriculture of-
ficials said today:

"The American soil has responded
to save the allies in their crying
need for food."

Mrs. Will Nicolson of Brazil Dead
and Husband Badly Hurt

(By United Press.)
Brazil, Ind., July 9.—Mrs. William
Nicolson was killed and the Rev. Wil-
liam Nicolson, her husband, was se-
verely injured today when an auto in
which they were riding was struck
by a traction car at the Staunton
road crossing west of here. The
Rev. Mr. Nicolson was on his way to
preach at a funeral service. The
Staunton road crossing is considered
a dangerous place and has been the
scene of many accidents.

CHINESE DEMOCRACY IS RE-ESTABLISHED

State Department Dispatches Today
Indicate Provincial Government
Has Been Established

WAS RESTORED ON JULY 7

(By United Press.)
Washington, July 9.—A democ-
racy has been re-established in
China, according to state depart-
ment dispatches today.

After a week of skirmishing dur-
ing which Heun Teung, the young
emperor was set up at the head of
of a monarchy, official reports today
indicated the Manchu emperor had
been driven out and the former vice-
president established as president
of a new provincial government at
Manking.

Dispatches stated the democracy
was restored July 7. At the state
department it was said all foreign-
ers were probably safe.

FIRST DRAFT WILL BE FOR 687,000 MEN

Number Recommended by War De-
partment Enough to Fill Guard
and Regulars to War Strength

ALSO 500,000 FOR TRAINING

(By United Press.)
Washington, July 9.—The first
draft of America's citizenship for
war service will be for 687,000 men
the war department announced to-
day.

These will be singled out from the
great registration roll. The number
recommended by the war department
is just enough to fill the regular
army to war strength, fill the national
guard to war strength and provide
the levy of 500,000 men for the
16 camps where the men will be sent
for training.

More than 130,000 men are needed
for the national guard. The first men
drawn by the selective draft will be
put in the regular army and national
guard.

OLD IRON OFF BRIDGE SOLD

Sam Jaffe of Richmond Is Success-
ful Bidder Today

Sam Jaffe of Richmond was the
successful bidder this afternoon for
the old iron of the Rush-Hancock
county bridge over Blue River north
of Gwynneville. Jaffe bid \$710 for
the junk. There were four other
bidders and their bids ranged from
\$275 to \$400, Jaffe being \$300 high-
er than anyone. There is said to be
about 30 tons of iron in the old
bridge. The bridge was washed away
in 1915 and a new bridge built at a
cost of \$15,000. The iron is what
remains of the old bridge. Half of
the sum derived from the sale will
be given to Hancock county.

REGISTRATION IN COUNTY VERY LIGHT

First 13 Days of Session Only 924
Qualify, Which is Less Than 10
Per Cent of Vote

LACK OF INTEREST IS SHOWN

With thirty-seven days, including
today in which to register for the
special election to be held Septem-
ber 14, it begins to appear as though
there will be a light vote in Rush
county and at the same time in-
dicates a lack of interest in the con-
stitutional convention. In the first
thirteen days of the registration,
which included Saturday, 924 per-
sons had registered. This is less than
ten per cent of the normal vote of
the county, counting both men and
women.

So far more women than men have
registered. The women are going at
the thing in a systematic way. At
Carthage the Woman's Franchise
league is registering their members
and will bring the complete list in
some time this week. This was the
plan followed in Anderson township
and Milroy. Despite repeated
statements regarding the registra-
tion many men believe they do not
have to register if they were regis-
tered last year. The old registration
law was done away with and every-
one must register to vote at the
special election.

COMPANY B WILL BE INSPECTED FRIDAY

Major James V. Heidt of the Forty-
first Infantry, U. S. A., Will
be Here at That Time

SIX MORE RECRUITS WANTED

Major James V. Heidt of the
Forty-first Infantry, U. S. A., will be
in the city Friday for the inspection
of Company B. The inspection will
take place at seven-thirty o'clock
Friday night and Capt. Kiplinger is
urging a full attendance of the
company. The date of the inspection
was announced this morning in or-
ders received from the adjutant gen-
eral's office.

The local company is seeking six
additional recruits. Six members of
the company are taking the officers'
reserve training at Ft. Harrison and
will be discharged from the company
here. For this reason their places
will have to be filled.

The regular weekly drill will be
held on Wednesday night. A speaker
will be present but Capt. Kiplinger
was not certain who it would be to-
day. Beginning next Sunday the
company will start undergoing a
hardening process. Cross-country
hikes will be taken and open air
maneuvers will constitute the work.

EXISTENCE IS THREATENED

Neutral Nations Complain About
Embargo by United States

(By United Press.)

Washington, July 9.—Declaring
Holland is starving, Chavalier Van
Rappard, Dutch minister in Wash-
ington, today bespoke the grave ap-
prehension of neutral nations at
America's embargo. Representa-
tives of other countries vitally af-
fected by President Wilson's pro-
clamation shutting off food, seed,
fuel and other necessities, declared
their existence is threatened.

Claire Smith, formerly with the
Reynold Manufacturing company
has accepted a position on the fire
department. Clarence Borem, who
was originally employed by the
company, declined the job and it was
then tendered to Smith.

MEN OF MILITARY AGE GET NUMBERS

Clerk of Exemption Board Busy To-
day Answering Calls of Those
Who Follow Instructions

BURDEN IS ON REGISTRANT

Drawing of Numbers Seems to be
Not Far Distant With Final
Instructions Given Out

Rushville men of conscription age
are not slow to follow instructions
from Washington as was shown by
the number of calls at the clerk's
office today to ascertain their serial
number. The office of the clerk, who
is also clerk of the exemption board,
was busy throughout the day an-
swering phone calls and giving out
the numbers to callers in person at
the office.

Dozens of young men called at the
office during the day and it was a
noticeable fact that they wrote down
the numbers instead of trusting to
their memory. The registration cards
were numbered in red ink serially,
starting in Ripley township and
running down through the entire
list. The cards are numbered from
1 to 1466.

Instructions from Washington to
the men of draft age were to look up
their numbers and placed the burden
on the men to get this information
and not on the board as was origin-
ally intended. No date has been set
in Washington for the drawing, but
with the final instructions issued it
is believed not very far distant. The
instructions were for the men to
find out their red ink numbers and
then when the numbers are drawn
present themselves before the
board. In this manner the boards
will not have to notify each man
that he has been drawn. In other
words the burden is placed on the
registrant.

Clerk Moore stated today that
most of his time had been taken up
with giving out the numbers, but as
it would save trouble and work later
on he was glad to do it.

FIVE PERSONS DIE IN EXPLOSION TODAY

Black Powder Store House of Mare
Island Navy Yard Magazine—
Thirty in Hospital

MARINES HURRIED TO SCENE

(By United Press.)

Vallejo, Cal, July 9.—Five persons
perished as the result of an explo-
sion which destroyed the black pow-
der house of the magazine of the
Mare Island navy yard early today.
Thirty persons have been taken to
the navy yard hospital, but it is not
believed any of them will die.

Ambulances have been going back
and forth from the main part of the
navy yard to the scene of the ex-
plosion.

It is impossible to get details be-
cause of the strict censorship.
Shortly after the explosion all the
naval officers at Mare Island and
about 1,000 marines were hurried to
the scene.

The explosion was terrific. Sev-
eral thousand dollars damage was
done at Vallejo, mostly to windows.
The blast was heard as far away as
Sacramento where buildings were
rocked and dishes shaken from the
shelves.

Massepequa Sent Down and Crew Landed on Island on French Coast

(By United Press.)
London, July 9.—Sinking of an American steamer Massepequa by a German submarine on Saturday was announced by the admiralty today. The crew was landed on an island off the northwest coast of France. The Massepequa carried a crew of 32, of which 8 were Americans.

TODAY'S HOOSIER ODDITY

Brazil, Ind., July 9.—Elmer Wright of this city is the possessor of a four-legged duck which sports around the chicken yard of its owner—much to the envy of the other future decorators of the dining room table—just like a horse. The fowl is well developed.

ONLY TWO TRAINS SUNDAY

The order changing the time of Big Four trains on the division passing through Rushville was misunderstood by the agent, E. C. McMahon. He announced that all four trains would run daily, but it develops that No. 34, due at 2:10 p. m., and No. 27, due at 6:46 p. m., do not run on Sunday.

HOGS AND GRAIN BOTH LOWER TODAY

July Wheat Quotations Decline Four and Half in Chicago—Hogs Down Fifteen Cents

RECEIPTS ARE 10,000 GREATER

Chicago grain prices and Indianapolis hog quotations were both down today. July wheat in Chicago was off four and a half cents and Indianapolis hogs were off fifteen cents with receipts ten thousand greater. September wheat went down three and a half and September corn one and five-eighths. Other Chicago grain quotations dropped about the same sum.

The New "Light Six"

Oldsmobile

Unreservedly, and without hesitation, we pronounce this one of the finest light cars we have known. In point of motor, chassis, and body design, it is representative of the latest developments of the engineering art. In refinement of finish, and perfection of detail, it is the peer of the world's most luxurious light cars. The car is built in two models—a five passenger touring and a two passenger roadster, the rear compartment of which is convertible into a leather upholstered seat for two extra passengers.

GERMANY'S CHINESE PLOT IS A FAILURE

General Chang Huen, Reported to be Inspired From Berlin, in Dire Straits in Peking

EMPEROR IS DEPOSED AGAIN

By HALPR H. TURNER
(U. P. Staff Correspondent.)

Tokio, July 9.—Germany's Chinese plot apparently has failed. General Chang Huen, believed to have been inspired in his attempt to institute a monarchy in China by German money and German arms, was reported today to be in dire straits in Peking. The youthful emperor, once deposed to make way for the republic and recently re-elevated to the throne by Chang Huen was reported again to have stepped down.

Huen, himself was understood to have resigned command of the army—an army now fast dwindling by desertions and under pressure from advancing republican forces.

The fire department was called to the Weakley bakery Sunday evening shortly after six o'clock but found no blaze. Someone noticed smoke coming out of the oven and believed the place was on fire.

Food Shipments Increase

Recent suggestions that food supplies from the United States now sent to the neutral countries of Europe may be passing thence to the Central Powers lend interest to a compilation by the National City Bank of New York, showing the quantities of the principal foodstuffs sent to neutral Europe at the present time, compared with other years of the war and with the year preceding the war. These figures show that in practically all foodstuffs sent to neutral countries the quantity sent at the present time is much less than in the earlier years of the war, but more than in the pre-war period when the markets of Russia, Germany, Austria, Hungary, and Roumania were open to them.

The latest government figures of exports by articles cover the ten months ending with April, 1917. These show that the exports of wheat to neutral Europe in the ten months ending with April 1917 were 35,000,000 bushels against 47,000,000 bushels in the corresponding months of 1916, and 54,000,000 in the same months of 1915. For the ten months ending with April 1914, all of which preceded the beginning of the war, the wheat exports to the countries which we now call "neutral Europe" were 20,000,000 bushels as against the figures above quoted. Flour exports to neutral Europe in the ten months ending April 1917 were 3,690,000 barrels, against 4,724,000 in the same months of 1916, 5,687,000 in the corresponding months of 1915 and 1,428,000 in the same months of 1914. Corn to neutral Europe in the ten months of 1917 was 13,000,000 bushels against 11,000,000 in the corresponding months of 1916, and 22,000,000 in the same months of 1915. Bacon exported to neutral Europe in the ten months ending with April 1917 was 22,000,000 pounds against 61,000,000 in same months, of last year, and 60,000,000 in the corresponding months of the year preceding, while for the 10 months ending with Apr. 1914 the total was 26,000,000 pounds. Lard to the neutral Europe in the ten months of the fiscal year 1917 was 24,000,000 lbs. against 20,000,000 in the preceding year, and 158,000,000 two years earlier, while for the year preceding the war, the total for the corresponding period was 12,000,000. Neutral lard in ten months of the current year was 14,000,000 lbs against 22,000,000 last year, and 22,000,000 the year preceding; lard compounds in the current year 7,000,000 lbs. against 3,000,000 last year and 6,000,000 the year preceding.

Even the figures of total value of all kinds of merchandise sent to the neutral countries of Europe show in most cases a decrease despite the fact that values per unit of quantity of the merchandise exported to them at the present time are higher than one year or two years ago. Total exports to Denmark, for instance, in the 10 months ending with April 1917 were \$45,000,000 value against \$47,000,000, in the same months of 1916, \$71,000,000 in the corresponding months of 1915 and \$11,000,000 in the ten months of the fiscal year 1914, a period entirely preceding the war. To Sweden the exports of the ten months ending with April 1917 were \$40,000,000 against \$40,000,000 the year preceding.

000,000 in the corresponding period immediately preceding the war.

All of those countries have, of course, taken much larger quantities of merchandise from the United States since the beginning of the war than formerly, because of the fact that their supplies usually drawn from Germany, Austria and Russia were entirely cut off at the beginning of the war, and the quantities which Great Britain, Belgium and France were able to spare for them were also materially reduced.

With the actual draft upon us, there is much speculation as to who will be the first to go from our own community. But whoever it may, we who remain should see that they are not forgotten by the "folks back home." We should ascertain the camps to which each one is assigned, and then through a home committee see that each is generously supplied with magazines, home papers, comfort bags, cheery letters, and anything that will make life more cheerful to them. No single individual going forth from this community to fight for his country should be overlooked and all should be shown equal courtesy and attention.

GERMAN DIPLOMATS TO BE DRIVEN OUT

Agents Will be Ordered From United States to Stop Leaks of Military Information

WHO WILL BE THE FIRST TO GO

(By United Press.)

Washington, July 7.—All German diplomatic agents are to be driven out of the United States as the government proceeds with its work of stopping the leak of military information to Germany.

Count Von Bernstorff's assistants who remained in America are to leave in a short time for Berlin.

H. C. Chausshausen and M. Berg, German consular secretaries, will leave first.

The state department today made arrangements for them to quit the country.

German consular secretaries, will employes will follow. Germany had 21 consuls in the United States when diplomatic relations were broken. Many Americans were included in the consular staff.

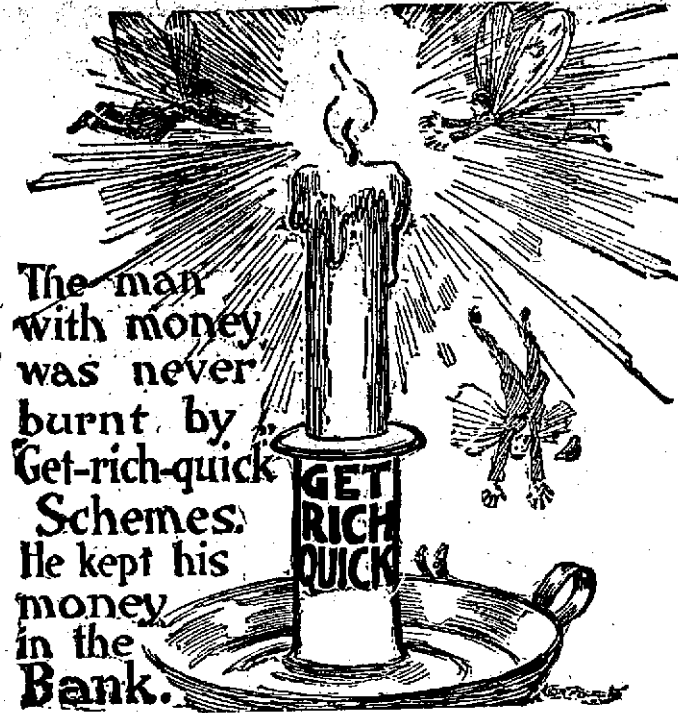

ON INSPECTION TRIP

Indianapolis, Ind., July 9.—Gov. Goodrich left today for Michigan City, Ind., to start an inspection trip of state institutions. He will go over the state prison at that place and then will look over the Boys School at Plainfield, state reformatory at Jeffersonville; Penal farm at Groenesteele and Girls school at Clermont. He will return to the city Thursday to greet Gov. Cox of Ohio who will review the Ohio men in the officers training camp at Ft Benjamin Harrison on that day.

WOMEN AND GIRLS ATTEND SCHOOL

Food Conservation Course of Five Days Opens at Purdue With Large Attendance

PRACTICAL TESTS ARE GIVEN

(By United Press.)

Lafayette, Ind., July 9.—Under the direction of the agricultural extension department of Purdue university, a "Food Conservation School," opened here today for a five day's session. Women and girls of Indiana attending the school will be given daily lectures by food experts on selection, preparation and preservation of food, economical clothing and on buying home supplies. Practical demonstrations in connection with the lectures also will be given.

Speaking of the women's part in preservation of food, G. I. Christie, state food conservation officer, said: "The woman who is watchful in her home, careful of every bit of food used, is serving her country just as truly and just as effectively as the nurse in the Red Cross tent or the man at the front or on the sea. The time is here when the women of Indiana must organize in a food conservation drive to save the products from more than 200,000 gardens and thousands of orchards. These products will be required for home consumption since the canning factory supplies will be required to feed the men in the camps and fields abroad."

PLYMOUTH HEARS WILLIAM J. BRYAN

Plymouth, Ind., July 9.—Leading business and professional men and women of Northern Indiana met here today in monster meeting to discuss food conservation. Gov. James P. Goodrich, stopped here long enough on his way to Michigan City to inspect the state prison, to preside at the meeting.

Prof. G. I. Christie, state food conservation expert, arranged the meeting.

William Jennings Bryan, who has been delivering lectures through the country on food conservation under the auspices of the department of agriculture, was scheduled to make an address. He will deliver an address at the Winona Assembly to night and the meeting was set for today by Christie in order that Bryan might appear.

IT IS SERIOUS

Some Rushville People Fail to Realize the Seriousness of a Bad Back

The constant aching of a bad back.

The weariness, the tired feeling, the pains and aches of kidney ills. May result seriously if neglected. Dangerous urinary troubles often follow.

A Rushville citizen shows you what to do.

Taylor M. Loyd, 940 W. Third St., Rushville, says: "My back ached steadily and at times was so weak that I could hardly be about. The kidney secretions were first too frequent in passage, then again seldom. I used about four boxes of Doan's Kidney Pills which I got at Pitman & Wilson's Drug Store, and they did just as recommended, relieving me in a short time."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Loyd had. Foster-Milburn Co., Props., Buffalo, N. Y.—(Adv.)

EDUCATORS OPEN WAR CONVENTION

Preparedness, Patriotism and Nationalism Keynote of National Convention Sounded Today

R. J. ALEY, PRESIDENT, TALKS

Former Indiana Superintendent of Schools Urges Teachers to Spread Gospel of Service

(By United Press.)

Portland, Ore., July 9.—Preparedness, patriotism, nationalism, That's the keynote of the war convention of the National Education association sounded here this afternoon by Robert J. Aley, president, at the opening session.

President Aley declared that the schools of the nation could do a most important work in the present war. He urged teachers to spread the gospel of national service.

Charles R. VanHise, president of the University of Wisconsin, as the personal representative of Herbert Hoover, explained the necessity of food economy.

Eight thousand delegates of the National Education Association and its 21 departments and 14 allied organizations are gathered here. The convention ends Friday night.

"This great association," said President Aley, who was formerly state superintendent of the Indiana schools, "has never held a meeting when national and world conditions were as they are now. Our country for the first time in her history is part of a world conflict. This world struggle is between democracy and autocracy. Democracy must win or all the sacrifices of the past have been in vain."

"Last August by the establishment by Congress of the Council for National Defense with its advisory committee on Engineering and Education, official recognition was given to education as a national resource. It is significant that this is the first time education has been so recognized. As teachers we certainly appreciate the confidence of the government in our work. We renew the pledges that our work of the past has verified and offer ourselves unreservedly for the great work ahead of us."

"Organized education must continue to produce broadly educated men and women. In addition, it must speed up its machinery and produce men and women specially prepared to handle the difficult and complex problems of the great war. It is also essential that organized education do more than heretofore to disseminate knowledge and to illustrate and teach how our citizens may produce more and conserve better."

"The democracy of this country has produced a multitude of schools of different ideas and ideals. In this crisis, we need the hearty and united service of all the men and women produced by all of these schools. The discussions of the past have, perhaps, helped us to clarify our notions, but they have also fixed us in our opinions, strengthened our conservatism, and unduly emphasized differences. We need now to open our mind to new needs, to let go some of our conservatism, and to place a mighty emphasis upon fundamental likenesses."

Senreco

THE DOUBLE-SERVICE TOOTH PASTE

keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliant white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste. The Senreco cleans the teeth and leaves a pleasant taste—50 cents for a large tube.

Amusements

The attraction at the Gem tonight is William Courtenay the famous star of stage and screen, with Lillian Greuze, Sarah Bernhardt's protegee, and star of New York's French theatre, in the Pathe feature, "The Recoil." The picture is a five reel thriller of a marriage of convenience, a murder and the secret service, produced by the Astra film corporation, under the direction of George Fitzmaurice and written by Anthony P. Kelly. Courtenay is said to have one of the best roles in his career.

Ethel Clayton and Rockcliffe Fellows will be seen in the feature drama, "The Web of Desire," at the Princess tonight. It is a Brady production and is a modern society drama with beautiful stage effects and many thrills. In addition a Ford Educational Weekly will be shown. Tomorrow Lillian Walker will be seen in the Vitagraph feature, "Kitty Mackay."

"The Forest Nymph," is the title of the first picture at the Lyric tonight. It is a three reel drama and is said to contain many thrilling scenes. Bartina Burkett is featured. In addition to this drama, the comedy, "Tom's Tramping Troupe," will be shown.

CARTHAGE HAS
FINE PROGRAMS

Many Prominent Men and Musical Organizations Will Have Part in the Chautauqua

TO BE HELD JULY 29-AUG. 2

Governor Aldrich of Nebraska, Stanley Krebs and Concert Band Among Talent

The program for the annual community chautauqua at Carthage, which will be held this year July 29 to August 2 under a tent at the school grounds, has been announced.

The program will open on Sunday afternoon with a concert by the Imperial Russian Quartette and the same quartette will give a musical prelude in the evening, followed by a lecture by Dr. L. E. Follansbee on the subject, "Genius and Gumption," Monday afternoon the Lorenz Anderson Novelty Entertainers, a trio of musicians will give the prelude and Edward Elliott will give a dramatic reading of "The Lion and The Mouse." In the evening of the same day the musical trio will play again and Stanley L. Krebs will deliver a popular lecture on the subject, "Two Snakes in Eden."

Tuesday will be the banner day of the chautauqua when Angelo Vitale and his concert band, with Torcom Bezanian, an Armenian baritone, will offer two concerts, one in the afternoon and one at night. The band is a wonderful organization, but its chief appeal is from the fact that the director, Angelo Vitale is a boy in his teens. Through his phenomenal ability he has earned such titles as the "Wagnerian Wonder" and the "Boy Creator."

The afternoon program on Wednesday afternoon will be given by the Theresa Sheehan Concert company, composed of three musicians, Miss Sheehan is a character delineator and she is ably supported by Miss Vivian Des Jardins, a young French violinist, and Frank Grover, a baritone soloist. Following a prelude by this same company in the evening, Denton C. Cowls, known on the chautauqua platform as "The Same Jones Man," will speak on the subject, "A Medley of Philosophy, Facts and Fun."

The closing day will be observed as patriotic day. The afternoon prelude will be given by the Mendelssohn Sextette, an organization of young women who play instrumental music. Governor Chester H. Aldrich of Nebraska will lecture on the subject, "The Challenge of America." The closing entertainment will be by the sextette in the evening.
